FISCAL NOTE

HB 3626 - SB 3748

March 26, 2006

SUMMARY OF BILL: Requires all state entities with state-owned vehicle fleets of 10 or more to develop and implement plans to improve the state's use of alternative fuels with the goal of achieving a 20% reduction in the use of petroleum by January 1, 2010. Each entity would be required to submit their report to the Comptroller of the Treasury by September 1, 2006 and the Comptroller would compile such reports and present the results to the General Assembly by November 1, 2006 and each year thereafter. No plan would be authorized to impede the fulfillment of the mission of each government entity.

ESTIMATED FISCAL IMPACT:

Increase State Expenditures - Not Significant

Assumption:

- Any increases in expenditures for state entities to complete the required plans are estimated to be not significant.
- Any cost to the Comptroller's Office to compile such reports is estimated to be not significant.

CERTIFICATION:

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.

James W. White, Executive Director
